

# Yang Academy

## Programming Camp

Mon - Fri, 9 AM - 4 PM, Virtual

For rising **5th-7th** graders

### **Morning Coding Session: 9 AM - 12 PM**

Students will take lessons in the following topics: data types, variables, functions, loops, and modules. Class exercises in the Python programming language will include engaging examples from drawing, graphics, and gaming.

### **Lunch: 12 PM - 1 PM**

### **Afternoon Coding Session: 1 PM - 4 PM**

Students will review their morning lessons with interactive activities such as debugging drills and Kahoot quizzes. Students will write and debug their own Python programming projects to develop their logical problem solving skills, confidence, and creativity.

#### **Dates:**

June 21st-July 2nd 2021

July 12th-July 23rd 2021

July 26th-Aug 6th 2021

Aug 9th-Aug 20th 2021

Tuition: \$600 per student
